### Dear Pablo

In my previous vacations, I went with some friends to a very unusual place in our country, its name is Tayrona National Park. This was a four-day trip in which we had many very special adventures. In the photo that you can see we are swimming in the sea, this was a wonderful day, on this day we swam, played in the sand and ate in a restaurant specialized in seafood.

The rest of the days we went for a walk on some ecological trails and visited some settlements of indigenous cultures, this was very exciting. The climate of this place near the beach is perfect for all kinds of water or outdoor activities. However, in the ecological tours there were rains on several occasions. This trip allowed me to live experiences that I will remember for the rest of my life and without a doubt I may return very soon to this earthly paradise. I would like that in the next time you can come with me.

I await your answer, have an excellent day.

MY BEST WISHES.
